RECITALS

- A. The Provider meets the requirements of paragraph 30-1(1)(a) of HESA.
- B. This funding agreement meets the requirements under subsection 30-25(1) of HESA in respect of the 2021, 2022 and 2023 grant years.
- C. Entering into this agreement is a requirement under subparagraph 30-1(1)(a)(ii) of HESA for a Commonwealth Grant to be payable to the Provider under Part 2-2 of HESA.
- D. Subject to subsections 30-25(2A) and 30-25(2B) of HESA, this funding agreement specifies conditions to which the Commonwealth Grant is subject that are additional to the conditions that apply to the Commonwealth Grant under Division 36 of HESA.
- E. This agreement complements the mission-based compact between both parties setting out how the Provider's mission aligns with the Commonwealth of Australia's goals for higher education.
- F. This agreement also gives the Provider an overview of other Commonwealth funding provided under HESA and relevant legislative instruments. This overview is for information only and is set out in the 'Background and Description of Commonwealth Funding' section that follows.
- G. Under section 36-65 of HESA, the Provider must comply with this funding agreement.

BACKGROUND AND DESCRIPTION OF COMMONWEALTH FUNDING

The Commonwealth of Australia will provide funding under the three broad streams below, as administered by the Department of Education (Department), subject to relevant HESA provisions, the conditions of this agreement, and the conditions of any grants provided under each funding stream, which provide the essential building blocks to support world-class teaching and research effort in line with this shared goal. The Provider agrees to use this funding as intended to drive quality higher education and research in the public interest.

1. Teaching base grants

In accordance with Division 33 of HESA and as set out in Part A of this agreement, the Provider will receive a total basic grant amount (TBGA) in Commonwealth Grant Scheme funding, which is an amount up to the sum of the Provider's:

- maximum basic grant amount (MBGA) for higher education courses
 - may include funding for the Provider to partner with a Regional University Centre (RUC). This funding component is to be used to support the objectives of the RUC.
 - provides a flexible funding envelope within which funding can be moved between disciplines (excluding medicine) and course levels (sub-bachelor, bachelor and postgraduate).
- MBGA for designated higher education courses (currently only courses of study in medicine)

- any funding the Provider receives for demand driven higher education courses, calculated in accordance with section 33-5 of HESA and on the basis of the new funding cluster rates commencing on 1 January 2021.

The Provider may also receive other loading amounts as specified in paragraph 33-1(1)(b) of HESA, and worked out in accordance with the *Commonwealth Grant Scheme Guidelines 2020*. The amount of Transition Fund Loading payable to the Provider for the relevant Grant Years will be calculated in accordance with the formula in the *Commonwealth Grant Scheme Guidelines 2020*.

2. Research base grants

The Research Block Grants are calculated in accordance with Part 2-3 (Other grants) and 2-4 (Commonwealth scholarships) of HESA and comprise two components:

- The Research Training Program (RTP), which supports the training of students undertaking Research Doctorate and Research Masters courses, as set out in the *Commonwealth Scholarships Guidelines (Research) 2017*.
- The Research Support Program (RSP), which provides a flexible funding stream to assist eligible providers with the systemic costs of university research, as set out in the *Other Grants Guidelines (Research) 2017*.

Grants for the relevant program will be allocated to eligible providers in accordance with the *Commonwealth Scholarships Guidelines (Research) 2017* and *Other Grants Guidelines (Research) 2017*. Grant conditions are set out in the Guidelines. Unspent RTP or RSP grant year amounts will be automatically rolled over into the following grant year, unless specified by the Secretary, with the exception of unspent 2021 RSP grant amounts, which the Department has approved to be rolled over into the 2022 grant year. Further, if a Provider spends RSP grant amounts on RTP scholarships, the conditions set out in *Commonwealth Scholarships Guidelines (Research) 2017* apply to these scholarships.

3. Engagement base grants

There are three grants available to eligible providers under this funding stream that have been established as programs under the *Higher Education Support (Other Grants) Guidelines 2022*:

- The National Priorities and Industry Linkage Fund (NPILF) which supports the vital functions of engagement with industry, development of industry-relevant course material, optimisation of the course mix for local economies, and provision of work-integrated learning opportunities for students.
- The Indigenous, Regional and Low Socio-Economic Status Attainment Fund (IRLSAF) which supports initiatives to improve access and participation for groups in the population with lower participation and attainment rates, including Indigenous persons, students from low socio-economic backgrounds, and those from regional areas and remote areas. Refer to Appendix 3 for further details.
- The National Institutes Program which provides funding to eligible providers to support national institutes.

Conditions applying to the relevant program are set out in the *Higher Education Support (Other Grants) Guidelines 2022* and the conditions of grant (if any) made by the Minister. Grants under the relevant program will be made to eligible providers under the *Higher Education Support (Other Grants) Guidelines 2022*.

In 2021, eligible providers may also receive grants under Part 2-3 (Other grants) of HESA in relation to the Tertiary Access Payment (TAP). The TAP provides a one-off, non-indexed, means-tested payment to school-leavers from outer regional or remote areas who relocate more than 90 mins to undertake full-time, higher-level tertiary education (Certificate IV or above). Conditions applying to grants for the TAP are set out in the conditions of grant made by the Minister.

The Provider may also receive other grants for ad hoc programs or projects under Part 2-3 (Other grants) of HESA and/or the *Higher Education Support (Other Grants) Guidelines 2022*. Conditions applying to these grants are set out in the *Higher Education Support (Other Grants) Guidelines 2022* and/or the conditions of grant (if any) made by the Minister.

Indicative maximum funding amounts

Indicative maximum funding amounts for each of these funding streams are shown in the following table. The table does not include amounts for any ad hoc grants made under Part 2-3 (Other grants) of HESA and/or the *Higher Education Support (Other Grants) Guidelines 2022*. The amounts in the table are included for reference only and are not intended to pre-empt or otherwise affect the making of any grant under, or in accordance with, HESA, the *Commonwealth Grant Scheme Guidelines 2020*, the *Higher Education Support (Other Grants) Guidelines 2022*, the *Other Grants Guidelines (Research) 2017* or the *Commonwealth Scholarships Guidelines (Research) 2017*. The amount of funding the Provider actually receives will be calculated based on HESA and the relevant legislative instrument.

NOW IT IS AGREED as follows:

PART A: Commonwealth Grant Scheme funding

Commonwealth Grant Scheme funding amount and payment arrangements

1. The Commonwealth will pay to the Provider the CGS funding amount for the 2021, 2022 and 2023 Grant Years, calculated in accordance with Division 33 of HESA.
2. The Commonwealth will notify the Provider before the start of the relevant Grant Year covered by this agreement about the CGS advances in respect of amounts expected to become payable to the Provider for the relevant Grant Years under subsection 164-10(1) of HESA for:
 - 2.1. higher education courses;
 - 2.2. designated higher education courses; and
 - 2.3. demand driven higher education courses.
3. Amounts payable as CGS advances may be adjusted throughout the relevant Grant Year based on information provided to the Commonwealth by the Provider.
4. CGS advances made in respect of a Grant Year will be reconciled with CGS funding payable to the Provider for the relevant year. This reconciliation will occur when actual student enrolment data for the Grant Year is finalised and provided to the Commonwealth. If the amount of an advance paid to the Provider exceeds the amount that becomes payable to the Provider, the Commonwealth will seek recovery of the overpaid amount from the Provider under subsection 164-10(1A) of HESA.
5. To ensure the Provider is able to keep operating and employing staff in the aftermath of the COVID-19 pandemic, the Commonwealth has created the Higher Education Continuity Guarantee (HECG) as a program under the *Higher Education Support (Other Grants) Guidelines 2022*. The Commonwealth will provide grants to eligible providers under the HECG for the Grant Years 2021, 2022 and 2023. The HECG has colloquially been referred to as the 'CGS funding guarantee' for the relevant Grant Years.

Estimates of Commonwealth supported places

6. The Provider must provide accurate and timely estimates of Commonwealth supported places, including the number of grandfathered students and non-grandfathered students expected to study in Commonwealth supported places, for the current year and future years, as required by the Commonwealth.

Provision of other data

7. The Provider must provide data relating to revised transparency arrangements as requested, including in relation to admissions processes and the cost of teaching and scholarship. This includes providing the data in the form and at the times required by the Commonwealth to support the national admissions platform.

Section One: Higher education courses

Maximum basic grant amount for higher education courses

8. The maximum basic grant amounts for higher education courses, specified for the purposes of paragraph 30-27(1)(a) of HESA, for the Grant Years covered by this agreement, are set out in Table 1a of Appendix 1. Appendix 1 also contains additional conditions in relation to the maximum basic grant amount for higher education courses with which the Provider must comply.

Trading Commonwealth supported places with another provider

9. The Provider may trade Commonwealth supported places for its higher education courses (excluding medicine) with another Provider, subject to the transaction being cost neutral and receiving approval from the Commonwealth.
10. If a trade occurs, both providers must notify the Commonwealth in writing by 31 March of the year for which the trade applies and in advance of the census date for the traded places.
11. Both providers must demonstrate arrangements are in place to take into account the number of places required in the pipeline of enrolments beyond the transfer to ensure students can complete their courses.
12. If approved by the Commonwealth, each Provider's funding agreement will be updated to reflect the trade (including to make changes to each Provider's MBGA for higher education courses). The trade will not be effective until the required changes are made to each Provider's funding agreement.

Section Two: Designated higher education courses

Maximum basic grant amount for designated higher education courses

13. The maximum basic grant amounts for designated higher education courses, specified for the purposes of paragraph 30-27(1)(b) of HESA, for the Grant Years covered by this agreement, are set out in Appendix 2.

Allocation of Commonwealth supported places for designated higher education courses in medicine

14. The total number of Commonwealth supported places for designated higher education courses in medicine allocated to the Provider under paragraph 30-10(1)(a), and for the purposes of subparagraph 30-25(3)(a)(iii) of HESA, for the 2021 Grant Year is set out in Table 2a of Appendix 2. For the purposes of paragraph 30-25(3)(c), this allocation is the maximum number of Commonwealth supported places for designated higher education courses in medicine provided by the Provider which can have a medical student loading in the relevant Grant Year.
15. The total number of Commonwealth supported places for designated higher education courses in medicine allocated to the Provider under paragraph 30-10(1)(a), and for the purposes of subparagraph 30-25(3)(a)(iii) of HESA, for the 2022 Grant Year is set out in Table 2b of Appendix 2. For the purposes of paragraph 30-25(3)(c), this allocation is the maximum number of Commonwealth supported places for designated higher education courses in medicine provided by the Provider which can have a medical student loading in the relevant Grant Year.
16. The total number of Commonwealth supported places for designated higher education courses in medicine allocated to the Provider under paragraph 30-10(1)(a), and for the purposes of subparagraph 30-25(3)(a)(iii) of HESA, for the 2023 Grant Year is set out in Table 2c of Appendix 2. For the purposes of paragraph 30-25(3)(c), this is the maximum number of Commonwealth supported places for designated higher education courses in medicine provided by the Provider which can have a medical student loading in the relevant Grant Year.
17. The number of domestic annual completions for the Provider's designated higher education courses in medicine in 2021 are 212, 2022 are 212 and 2023 are 212. The Provider must not change its designated higher education course or courses in medicine in ways that will change the number of domestic annual completions for the course or courses.
18. The Provider will not admit more than 52 commencing domestic full fee-paying students in its course(s) of study in medicine. The parties acknowledge that a 10 per cent over-enrolment in the number of commencing domestic full fee-paying students may be granted.

19. The maximum amount of medical student loading payable to the Provider for the relevant Grant Years is:
- For 2021: \$949,767
 - For 2022: \$956,544
 - For 2023: \$978,724

Bonded Medical Program

20. The total number of Commonwealth supported places for higher education courses in medicine includes the number of Bonded Medical Places (BMP) Scheme, Medical Rural Bonded Scholarship (MRBS) Scheme and the reformed Bonded Medical Program (commencing 1 January 2020) places.
- 20.1. From 1 January 2021, the Provider must allocate 28.5 per cent of all commencing Commonwealth supported places for higher education courses in medicine to Bonded Medical Program students for the calendar year. Commencing with the 2020 intake, the number of Bonded Medical Program places may be averaged over a period of three consecutive calendar years to calculate 28.5 per cent.
- 20.2. From 1 January 2021, the bonded places provided under the Bonded Medical Program must be used for Bonded Medical Program students only. Non-bonded and fee paying places must not be used for bonded students.
- 20.3. From 1 January 2021, the BMP Scheme will cease. The bonded places previously provided under the BMP and MRBS Schemes must continue to be used for BMP and MRBS students until they complete their higher education course in medicine.
- 20.4. The MRBS Scheme places, which ceased in 2015, are separate from the BMP Scheme places. Students who were granted a MRBS Scheme place and are currently undertaking a higher education course in medicine cannot be counted towards the BMP Scheme's 28.5 per cent requirement.

PART B: Other conditions and requirements

Clinical placements and practicums

21. For a course that is accredited under section 49 of the National Law, the Provider must ensure that each student enrolled in the course has access to clinical placements in accordance with the approved accreditation standard for the profession.
22. For a course that provides a pathway to professional certification or registration, where that certification or registration requires the completion of a clinical or practicum placement (for example in initial teacher education, engineering or social work) the Provider must ensure that each student enrolled in that course has access to clinical placements or practicums in accordance with the relevant professional accreditation standards.

New campuses and campus closures

23. The Provider must obtain the Commonwealth's prior written approval if the Provider proposes to enrol Commonwealth supported students in a course of study that is, or is to be undertaken, primarily at an educational facility, other than one of the Provider's campuses listed below in [Table 2](#) or approved educational facilities listed below in [Table 3](#).
24. Similarly, if the Provider proposes to close a campus or approved educational facility where Commonwealth supported students are enrolled, the Provider must obtain the Commonwealth's prior written approval.

Table 2: Provider's campuses

Broome	Fremantle
Sydney	

Table 3: Approved educational facility

Name of educational facility

Closures of courses

25. Before closing any of the following types of undergraduate and postgraduate courses of study in which Commonwealth supported students have been enrolled for more than two years (including a major within a course of study), the Provider must consult the Commonwealth and obtain the Commonwealth's approval for the closure of the course:
 - 25.1. courses that prepare students for entry to any occupation that is experiencing a Skills Shortage;
 - 25.2. courses the closure of which would be likely to create a Skills Shortage in an occupation because the Provider is the sole or dominant provider of the national skill base for that occupation;
 - 25.3. specialised courses directed at the regional economy, the closure of which is likely, in the Commonwealth's opinion, to create serious detriment to the skills base of a regional economy;
 - 25.4. courses in areas of priority under the Job-ready Graduates package, for example in science, engineering, computing, allied health, education and languages; and
 - 25.5. courses listed in [Table 1c\(i\)](#), [Table 1c\(ii\)](#) and [Table 1c\(iii\)](#) of Appendix 1 in which students are enrolled in Commonwealth supported places.
26. In making a decision to approve a course closure under clause 25, the Commonwealth will:
 - 26.1. seek to reach a mutually agreeable arrangement with the Provider regarding the course closure;
 - 26.2. have regard to student demand for the course, the financial viability of the course, the justification provided for a proposed course closure by the Provider and other relevant factors;

- 26.3. assist the Provider to explore options to retain the course, including through cooperation with another provider or the movement of Commonwealth supported places to another provider (where applicable); and
- 26.4. not unreasonably withhold approval for a course closure so as to place an unreasonable financial burden on the Provider or place the Provider in a financially unviable position in regard to the Provider's overall financial status.

Applicable law and jurisdiction

27. The laws of the Australian Capital Territory apply to the interpretation of this agreement. Any previous agreement covering the relevant Grant Years is terminated and replaced by this agreement on the date this agreement is made.
28. The parties agree to submit to the non-exclusive jurisdiction of the courts of the Australian Capital Territory and any courts which have jurisdiction to hear appeals from any of these courts in respect to any dispute under this agreement.

Entire agreement, variation and severance

29. This agreement, and the HESA, record the entire agreement between the parties in relation to its subject matter. Any previous agreement covering the relevant Grant Years is terminated and replaced by this agreement on the date this agreement is made.
30. Except for action the Commonwealth is expressly authorised or required to take elsewhere in this agreement or HESA, no variation of this agreement is binding unless it is agreed in writing and signed by the parties.
31. If a court or tribunal says any provision of this agreement has no effect or interprets a provision to reduce an obligation or right, this does not invalidate, or restrict the operation of, any other provision.

Notices

32. A party giving notice under this agreement must do so in writing or by Electronic Communication:

Maximum basic grant amount for higher education courses

1. The maximum basic grant amount for higher education courses is calculated by:
 - 1.1 applying indexation consistent with the methodology set out in Part 5-6 of HESA; and
 - 1.2 applying the growth factors in the following table for each of the Provider's campuses.

Campus	Remoteness	2021 Factor	2022 Factor	2023 Factor
Sydney	Low Metro	0.37%	0.64%	0.85%
Broome	Regional	1.28%	2.26%	2.98%
Fremantle	High Metro	0.91%	1.61%	2.12%

2. The maximum basic grant amount for higher education courses for a year also includes the following amounts that are contingent on meeting performance-based funding requirements in each year:
 - In 2022, performance-based funding is \$1,229,095
 - In 2023, performance-based funding is \$1,822,072
3. If the provider does not meet the performance-based funding requirements, the Provider's MBGA for a year can be adjusted to remove the performance-based funding amount specified above.
4. The maximum basic grant amount for higher education courses includes funding for short courses. The provider must only use this funding to deliver the approved short courses shown in Table 1b.
5. The Provider may continue to deliver short courses in 2022 with unutilised short course funding provided in 2021. The maximum amount of short course funding the Provider may deliver in 2021 and 2022 combined is 85 per cent of the amount specified for 2021 in Table 1a, or \$1,111,375. Any remaining short course funding will be reconciled in 2023.
6. Subject to the requirements of the *Higher Education Standards Framework (Threshold Standards) 2021*, the Provider commits to grant credit for units of study undertaken as part of any undergraduate certificate listed in Table 1b if those units may also contribute to a different higher education award that a student enrolls in subsequent to completing the undergraduate certificate, including but not limited to those set out in Table 1b.

Table 1b: Allocated short courses

Course type	Course name	Course(s) the short course can articulate to
Undergraduate Certificate	Undergraduate Certificate in Business	Bachelor of Business Administration
Undergraduate Certificate	Undergraduate Certificate in Counselling	Bachelor of Counselling Bachelor of Arts/ Bachelor of Behavioural Science
Undergraduate Certificate	Undergraduate Certificate in Environmental Studies	Bachelor of Science Bachelor of Science/Bachelor of Arts Bachelor of Science/Bachelor of Behavioural Science

7. The MBGA for higher education courses includes funding for Equity Places as specified in Table 1a. The Provider may use up to \$3,831,564 of the funding allocated for Equity Places in 2023 to deliver the approved courses shown in Table 1c(i) and Table 1c(ii). This funding allocation reports the indicative funding amounts approved by the Minister for Education.
8. The Provider must use \$50,935 of the funding allocation for Equity Places in 2023 as specified in Table 1a to deliver 3 of the approved courses in funding cluster 1 (item 1 in the table in section 30-15 of the *Higher Education Support Act 2003*) shown in Table 1c(iii) below.
9. While funding is being allocated to providers within a funding envelope, there is a clear and unambiguous expectation that courses will be delivered as closely as possible in line with indicative funding parameters and that all Equity Places will be filled by people from educational disadvantaged groups (including students from low SES backgrounds, students from inner regional, outer regional, remote and very remote areas, students who are first in family to study at university, First Nations students, and students with a disability).
10. The Provider must comply with all reporting requirements for Equity Places as communicated by the Department.

Note: Allocated funding figures shown in Table 1c(i), Table 1c(ii) and Table 1c(iii) indicate funding to be used for Equity Places commencing in 2023. Quoted places are indicative only of commencing EFTSL implied by the allocated funding amounts.

Indigenous, Regional and Low Socio-Economic Status Attainment Fund

1. In 2021, the Indigenous, Regional and Low Socio-Economic Status Attainment Fund (IRLSAF) consists of five components:
 - a) Higher Education Participation and Partnerships Program (HEPPP);
 - b) National Priorities Pool Program;
 - c) Regional Partnerships Project Pool Program;
 - d) Regional Loading Program (RLP); and
 - e) Enabling Loading Program (ELP);

IRLSAF funding

2. Grant amounts for the HEPPP, RLP and ELP in 2021-2023 are calculated using the method specified for the relevant component in Part 2 of the *Higher Education Support (Other Grants) Guidelines 2022* (see paragraph 41-30(a) of the Act) and are estimated in Table 3a below.
 - HEPPP funding for eligible providers is calculated using the formula specified at section 12 of Division 1 of Part 2 of the *Higher Education Support (Other Grants) Guidelines 2022*.
 - The National Priorities Pool Program and Regional Partnerships Project Pool Program are subject to competitive grants processes and any funding under these programs will be granted separately.
 - RLP funding for eligible providers is calculated using the formula specified at section 27 of Division 4 of Part 2 of the *Higher Education Support (Other Grants) Guidelines 2022*.
 - ELP funding for eligible providers is calculated using the formula specified at section 33 of Division 5 of Part 2 of the *Higher Education Support (Other Grants) Guidelines 2022*.

Table 3a. HEPPP, RLP and ELP funding

Program	2021	2022	2023
HEPPP	\$0	\$752,066	\$793,503
RLP	\$0	\$0	\$0
ELP	\$1,436,448	\$1,449,344	\$1,499,680

Allocation of places for the purposes of the ELP

3. For the purposes of paragraph 33(1)(b) of Division 5 of Part 2 of the Higher Education Support (Other Grants) Guidelines 2022, the number of places the provider has been allocated to deliver enabling courses is 416.0 for each year in 2021, 2022 and 2023. The provider may continue to enrol students in an enabling course of study above this allocation using their MBGA for higher education courses.
4. The amount of enabling loading is as specified in subsection 31(2) of the Higher Education Support (Other Grants) Guidelines 2022 indexed in accordance with section 32 of those Guidelines.

HEPPP reporting requirements

3. Universities are required to submit HEPPP reports and financial acquittals annually in the form and time specified by the Minister or Minister's delegate. Refinements to reporting templates and requirements are transitioning the HEPPP to a best practice approach for consistent data and reports. This is in context of the Student Equity in Higher Education Evaluation Framework.
4. Following amendments to the *Higher Education Support Act 2003*, universities' unspent HEPPP funds will automatically rollover into a subsequent calendar year. Universities must continue to identify the amount carried forward as part of the annual HEPPP report for the relevant year.
