

Note:

The data below reflects 2022 school entitlement calculations at the school-level under the *Australian Education Act 2013* as at the date shown below, which do not factor in any recoveries or additional payments due to data revisions for prior years that were applied to 2022 payments.

Some schools belong to an AA which may have its own needs-based funding allocation model that may not match the Commonwealth's SRS model. The funding amounts shown are what is allocated to the system for a school, not what is necessarily distributed to the school.
