Hi s 22

s 22

s 22 but wanted to check whether the office thinks we should include something about the recent AI deep fake porn issue in a Victorian school?

There was a Canberra Times article yesterday and it quotes the Minister and mentions a bill introduced into federal parliament recently. There may already be briefing on the issue so don't want to duplicate.

Hello Team,

For this week's MO update, could you please review the below words relating to your work and send through your updates (if any) by COB 20 June please.

Thanks, s 22 :

AI 'deepfake' incident

- On 11 June 2024, media reported that a teenage boy had been arrested after female students from Bacchus Marsh Grammar School reported graphic, deepfake images of them being circulated online.
- While the Government plays a leadership role in setting and advocating for national priorities in school education, it is the responsibility of state and territory governments and non-government education authorities to manage schools, including addressing incidents like this.
- The CRRE measure aims to help prevent gender-based violence through strengthening CRRE nationally. This includes through providing students with the knowledge and skills to better communicate, make responsible shared decisions, understand consent, resolve conflict, and engage in healthy and positive relationships.
