[1] Median income is the middle annual family income of the school when incomes are sorted from lowest to highest. At the median income, half of the annual family incomes of a school are lower, and the other half are higher.

Note: all income values are rounded to the nearest five thousand and are only representative of the income data that is used to inform the Direct Measure of Income (DMI) calculations – they may not be fully representative of the actual median income of all parents at a school. The DMI methodology is available at: www.education.gov.au/recurrent-funding-schools/resources/direct-measure-income-dmi-methodology.

[2] CTC-eligible schools median incomes of a CTC-eligible non-government school. Schools that are not CTC-eligible (who have a Regional Area-Based score applied or have a deemed CTC score until further review) have been excluded. For privacy reasons, this information is only available for schools where there is a sufficient number of families at each income quartile and where available, has been rounded to the nearest five thousand. N/A refers to data that is unavailable for privacy reasons or otherwise unable to be calculated.

[3] Using additional direct income data sources from the Personal Level Integrated Data Asset (PLIDA)

Where tax return data for the relevant financial year is missing for a parent or guardian, additional data sources are used to improve the accuracy of the measure by improving the coverage of data and capturing low-income earners and others not included in taxation records.

In using this information, a particular calculation order is used to improve accuracy. For each parent or guardian record, an annual income value is calculated based on the first direct income source available in the PLIDA from the list below:

- i. Adjustable Taxable Income (ATI) from tax returns of the relevant financial year

- ii. Where one parent or guardian is linked but the other is not, the linked parent or guardians' reported spouse ATI from their tax returns is used if it was greater than zero, and the other parent or guardian resides at the same address, or the same address status is unknown
- iii. Pay as You Go (PAYG) gross income from payment summaries, if greater than zero
- iv. ATI Australian Government payment and earning amounts in the Centrelink Administrative Dataset
- v. Pensioner Concession Card or Health Care Card information (excluding foster child and carer allowance). Pensioner Concession Card and Health Care Card holders are assumed to have zero income.
- vi. ATI from the previous financial year tax return indexed by the Wage Price Index (WPI) as reported by ABS for the June quarter of the relevant financial year.
