

National Higher Education Code to Prevent and Respond to Gender-based Violence

Key reporting requirements to the GBV Regulator

The tables below provide timelines of the cyclical reporting and submission requirements to the Higher Education Gender-based Violence Regulator (GBV Regulator) under the *National Higher Education Code to Prevent and Respond to Gender-based Violence* (National Code) for Table A and B providers (for the period 2026-2030) (Table 1) and non-university higher education providers (NUHEPs) (for the period 2027-2031) (Table 2).

The GBV Regulator may also require providers, on an ad hoc basis, to report on additional matters, such as how they have complied with their obligations under the National Code, or to provide other specified information.

For further detail on key requirements, see the [National Higher Education Code to Prevent and Respond to Gender-based Violence](#) and [Resources | Department of Education](#).

The definitions used in the tables are derived from the National Code.
