Dear s 22 and s 22 ,

Thank you for the time you recently took to discuss multiple matters with me in regard to UNSW.

As discussed there are several things that we would like to progress with you.

1. Opportunities for International Education.

I would like to arrange meetings between the UNSW International team and each of your international counsellors network.

While UNSW has a very well developed program in s 47G(1) we would seek, deeper and more regular engagement with your network.

Would we be able to set up meetings with our international team to discuss:

1. s 47G(1)
2. s 47G(1)
3. s 47G(1)
4. s 47G(1)
5. s 47G(1)

While some of these relationships exist, developing them, formalising them and having regular touch points and knowledge od UNSW staff would be particularly worthwhile.

2. We would like to arrange a briefing and discussion with you and your team in person of via Zoom on the Global Policy Hub concept and how it could be shaped and adopted along with its launch to meet the needs of your International counsellors.

I look forward to hearing from you are to when we might set these up. It would be excellent if we could progress with s 47G(1) asap.

Kind regards

Thanks, I've only had a quick look but really interesting! Will have a proper read.

One of the things that has become very obvious is that there are so many moving parts in trying to unlock student participation in the regions. There are so many different players and entities that are part of the solution. I'll send you a proposal that was in my Annual Report – Regional Education Collaboration and Connect program that may fit in for some discussion around this also.

I'll chat to you about aspiration too.

Let me know what time might suit to catch up about UTAS next week.

Cheers
