20. If the University is unable to deliver the places detailed in [Table 2](#) it must notify the Commonwealth as soon as practicable and not later than at the next update of estimates of Commonwealth supported places required by the Commonwealth under clause 5.

- 24.1. From 1 January 2020, the University must allocate 28.5 per cent of all commencing Commonwealth supported places for courses of study in medicine to Bonded Medical Program students for the calendar year. Commencing with the 2020 intake, the number of Bonded Medical Program places may be averaged over a period of three consecutive calendar years to calculate 28.5 per cent.
- 24.2. From 1 January 2020, the bonded places provided under the Bonded Medical Program must be used for Bonded Medical Program students only. Non-bonded and fee paying places must not be used for bonded students.

- 24.4. The MRBS Scheme places, which ceased in 2015, are separate from the BMP Scheme places. Students who were granted a MRBS Scheme place and are currently undertaking a course of study in medicine cannot be counted towards the BMP Scheme's 28.5 per cent requirement.

PART D: Other conditions and requirements

Closure of courses

25. Before Closing a Course to which this clause applies, the University must consult the Commonwealth and obtain the Commonwealth's approval for the closure.
 - 25.1. In this clause, 'Course' means a Course of Study, or a major within a Course of Study.
 - 25.2. This clause applies to Courses at the undergraduate and postgraduate levels in which Commonwealth supported students have been enrolled in either of the two preceding years.
 - 25.3. This clause does not apply to a Course for which the University has had an intake for less than four consecutive academic years.
 - 25.4. This clause applies to Courses in the following categories:
 - 25.4.1. Courses that prepare students for entry to any occupation that is experiencing a National Skill Shortage;
 - 25.4.2. Courses, the closure of which, would be likely to create a National Skill Shortage in an occupation because the University is a sole or dominant provider of the national skill base for that occupation;
 - 25.4.3. specialised Courses directed at the regional economy, the closure of which is likely, in the Commonwealth's opinion, to create serious detriment to the Skills Base of a Regional Economy; and
 - 25.4.4. Courses for a Nationally Strategic Language.
 - 25.5. In making a decision regarding a Course Closure, the Commonwealth will:
 - 25.5.1. seek to reach a mutually agreeable arrangement with the University regarding the Course Closure;
 - 25.5.2. have regard to student demand for the Course, the financial viability of the Course, the justification provided for a proposed Course Closure by the University and other relevant factors;
 - 25.5.3. assist the University to explore options to retain the Course, including through cooperation with another provider or the movement of Commonwealth supported places to another provider (where applicable); and
 - 25.5.4. not unreasonably withhold approval for a Course Closure so as to place an unreasonable financial burden on the University or place the University in a financially unviable position in regard to the University's overall financial status.
 - 25.6. For the purposes of subclause 25.4.1 and 25.4.3 the skill shortage lists published by the Department of Education, Skills and Employment at State, Territory and National levels and the Department of Home Affairs' Medium and Long-term Strategic Skills List must be taken into account in deciding if Closing a Course is likely, in the Commonwealth's opinion, to create serious detriment to the Skills Base of a Regional Economy.

New campuses and campus closures

26. The University must obtain the Commonwealth’s prior written approval if the University proposes to enrol Commonwealth supported students in a course of study that is, or is to be undertaken, primarily at an educational facility, other than one of the University campuses listed below in Table 4 or approved educational facilities listed below in Table 5.

Table 4: University campuses

28. The Commonwealth contribution amounts for a place in a nursing and education funding cluster include amounts in recognition of the costs of nursing clinical placement and teaching practicum. The University must use these amounts only for those purposes.
- 28.1. \$1,330 and \$912 per place in the nursing and teaching clusters respectively in 2018;
 - 28.2. \$1,355 and \$929 per place in the nursing and teaching clusters respectively in 2019; and
 - 28.3. \$1,379 and \$945 per place in the nursing and teaching clusters respectively in 2020.
29. For a course that is accredited under section 49 of the National Law, the University must ensure that each student enrolled in a course has access to clinical placements in accordance with the approved accreditation standard for the profession.
30. For a course that provides a pathway to professional accreditation, where that accreditation requires a clinical or practicum placement such as an initial teacher education course, the University must ensure that each student enrolled in that course has access to clinical placements or practicums in accordance with the approved national accreditation standard.

Applicable law and jurisdiction

31. The laws of the Australian Capital Territory apply to the interpretation of this agreement.
32. The parties agree to submit to the non-exclusive jurisdiction of the courts of the Australian Capital Territory and any courts which have jurisdiction to hear appeals from any of these courts in respect to any dispute under this agreement.

Entire agreement, variation and severance

33. This agreement and the *Higher Education Support Act 2003* record the entire agreement between the parties in relation to its subject matter.
34. Except for action the Commonwealth is expressly authorised or required to take elsewhere in this agreement or HESA, no variation of this agreement is binding unless it is agreed in writing and signed by the parties.
35. If a court or tribunal says any provision of this agreement has no effect or interprets a provision to reduce an obligation or right, this does not invalidate, or restrict the operation of, any other provision.
