Purpose of form

This form is for approved providers of In Home Care (IHC) Services to meet serious incident notification obligations under section 48A of the *Child Care Subsidy Minister's Rules 2017*. Please send the completed form to InHomeCare@education.gov.au.

Privacy statement

Personal information is protected by law, including under the *Privacy Act 1988* (the Privacy Act).

Personal information

Personal information is information or an opinion about an identified or reasonably identifiable individual. Personal information includes an individual's name and contact details.

Sensitive information

Sensitive information is a subset of personal information. It includes information or an opinion about racial or ethnic origin, political opinions, religious beliefs or affiliations, philosophical beliefs, membership of associations or unions, sexual orientation or practices, criminal record, or health, genetic or biometric information.

Collection of personal information

Any personal information (including sensitive information) collected about you or another individual in connection with this form, is collected by the Australian Government Department of Education (the department) under section 48A of the *Child Care Subsidy Minister's Rules 2017*. The personal information is collected for the purposes of:

- monitoring providers' compliance with their obligations under the Family Assistance Law and taking action in relation to non-compliance
- responding to serious incidents occurring in the IHC setting
- administration of the IHC Program, and
- related purposes.

The personal information may also be used for other purposes where the relevant individual has agreed, or where it is otherwise permitted under the Privacy Act.

The consequences of not providing some or all the personal information requested are:

- it may constitute a failure to report a serious incident (or circumstances that could have resulted in a serious incident), which is a legal obligation under section 48A of the *Child Care Subsidy Minister's Rules 2017*. Breach of this obligation may result in compliance action being taken against the provider and may also constitute a criminal offence under section 204F of the *A New Tax System (Family Assistance) (Administration) Act 1999*, and
- it may prejudice the investigation of the serious incident.

Disclosure of personal information

The personal information, including any sensitive information, may be disclosed to:

- the relevant IHC Support Agency in your state or territory
- the department's Ministers and staff in their offices
- other government agencies with responsibility for health and safety, and
- an enforcement body, within the meaning of the Privacy Act.

The personal information may also be disclosed to other parties where the relevant individual has agreed, or where it is otherwise permitted under the Privacy Act.

The personal information is unlikely to be disclosed to overseas recipients.

Privacy policy

The department's [Privacy Policy](#) contains more information about how the department will manage personal information, including information about how to make a complaint and seek access to and correction of personal information.

To contact the department about the handling of personal information collected by this form, please email privacy@education.gov.au.

To email the department about IHC more generally please contact inhomecare@education.gov.au.

About serious incidents

Under section 48A of the *Child Care Subsidy Minister's Rules 2017* (the CCS Minister's Rules) approved providers of IHC Services must implement appropriate arrangements to manage serious incidents.

Families and educators who observe or experience a serious incident (or a circumstance that could have resulted in a serious incident) should report the matter to the approved provider of the IHC Service, and where appropriate emergency services.

Depending on the nature of the serious incident, approved providers must implement appropriate arrangements to manage serious incidents. Apart from their obligations under section 48A of the CCS Minister's Rules, approved providers of IHC Services must comply with state-based Child Protection Laws and mandatory reporting requirements under the Commonwealth, State and Territory legislation*.

The following incidents are "serious incidents" that must be reported to the department:

- the death of a child while being cared for by a child care service of the provider or as a result of an incident that occurred while being cared for by the service, or
- any incident involving serious injury, harm, trauma to, or serious illness of, a child while being cared for by a child care service of the provider for which:
 - the urgent attention of a medical practitioner was sought, or ought reasonably to have been sought, or
 - the child attended, or ought reasonably to have attended, a hospital; or
- any incident for which the attendance of emergency services at the premises where care is usually provided by a child care service is sought, or ought reasonably to have been sought; or

- a child being cared for by a child care service of the provider:
 - is missing, or
 - appears to have been taken or removed from the premises where the service provides the care in a manner that would contravene the Education and Care Services National Regulations, regardless of whether the regulations apply; or
 - is accidentally locked in or locked out of the premises where the care is being provided or any part of those premises; or
- any other incident that would be required to be reported to a regulator (within the meaning of the WHS Laws) under any applicable WHS Laws.

The department may investigate incidents notified where the incident relates to an approved provider's compliance with a provision that is subject to the department's monitoring powers under section 219UA of the *A New Tax System (Family Assistance) (Administration) Act 1999*.

Notification requirements

The provider must notify the department in writing within 24 hours after:

- a serious incident occurs; or
- a circumstance occurs that could have resulted in the occurrence of a serious incident; or
- the provider receives a complaint in respect of a child care service of the provider alleging that a serious incident has occurred or is occurring; or
- any incident occurs where the provider reasonably believes that physical or sexual abuse of a child or children has occurred or is occurring while the child or children are being educated and cared for by a child care service of the provider; or
- the provider receives an allegation that physical or sexual abuse of a child or children has occurred or is occurring while the child or children are being educated and cared for by a child care service of the provider.

* South Australia and Tasmania have additional laws governing In Home Care:

- TAS: *Child Care Act 2001*
- SA: *Education and Early Childhood Services (Registration and Standards) Act 2011*

Where an approved provider has reporting obligations under either of these Acts, sending the department a copy of that notice may be acceptable where you are legally able to.
