

Local Schools Community Fund

The 2019-20 Budget provided \$30.2 million for the Local Schools Community Fund (the Fund) to provide all schools – government, Catholic and independent – with funding for small scale projects to meet priorities identified by schools and their communities.

Funding was made available for each Federal electorate, with schools able to apply for funding between \$1,000 and \$20,000 towards a project and its associated costs.

- Funding for the program is provided through each school's approved authority
- Federal Members of Parliament and their Local Advisory Committees recommended projects for funding in accordance with the Fund Guidelines: <https://docs.education.gov.au/node/52944>.
- The approved projects and funding amounts for the schools and campuses listed below are as at 18 June 2020.
- The funding amount and project details are subject to change due to variations and cancellations of projects over time.
